

## STATISTA AT A GLANCE

# A guide for successful research

Dear future Statista User, your university has an exclusive Statista account which means that you as a student/professor have the possibility to use the Statista Portal free of charge

## Platform Access

### 1. Create an account

- **Free registration** on [statista.com/register](https://www.statista.com/register)
- Choose the category **Academia** and register with your university email address to be assigned automatically to the university account
- Please pay attention on the selected **country!**

### 2. You already have an account?

- Log in as usual
- Enter the section **"My Account"** – **"Account Details"**
- Select your university to connect

### 3. Not working?

In case the steps are not working as you are already signed-in throughout the IP-Access please use the following way:

- Go to **"My Account"** and **"Change user"**
- Sign up for free account or if you already have a personal login **"Sign in now"**

Feel free to contact us
